

Remote Learning Plan for Parents

Dear Parents/Guardians

Assalamalaikum Wa Rahmathulahi Wa Barakthuhu

Please be aware we are working very hard to ensure that our learners are supported throughout these difficult times and there is as little disruption as possible to their learning. Consequently please be aware:

- We will seek to continue to deliver teaching to all classes via online methods for the duration of any closure during term time.
- We will be following the normal school schedule as per our holidays list. Therefore, Please remember this Friday 27th March School will finish at 12pm as it is the last day of term. Consequently, there will be no lessons on-Line after 12pm. The normal on-line schedule will resume from 8.50am on Wednesday 15th April 2020.
- Microsoft TEAMS is the platform that will be the main vehicle for delivery for teaching.
- Students should access Microsoft TEAMS via Microsoft office 365. All students know their account details and have used this before. The username is firstname.surname@boltonislamicgirlsschool.org.uk, students chose their own passwords.
- Some of the work is based on retrieval practice and testing what they have already learned, while other tasks are more challenging to extend learning further.
- We will use the usual school timetable as a structure for teaching.
- **Parents are responsible for making sure students are on-line from 8.50am till 3pm.**
- **Any absences must be reported** by phone to Admin as per usual as we will still be monitoring these and contacting parents should we have any concerns.
- Specific tasks and activities will be set for each lesson.
- As far as possible, teachers will be available on-line for the duration of their lesson monitoring pupils work and giving feedback. Teachers are not obliged to reply to students after this session has ended.
- Pupils are expected to also remain online for the duration of the lesson and to complete and submit work set in accordance within instructions.
- Any homework, not submitted, will be recorded on our behaviour log and you will be informed accordingly.
- If teachers are ill, work will still be set but they will not be available on line.
- If pupils are ill, then they are still expected to submit the work at a later date. This will be at the teacher's discretion.
- Any issues with email accounts can be reported to servicedesk@techienology.com, please email them your daughter's name, year group and the issue and they will endeavour to respond ASAP.
- Any other issues can be addressed with info@boltonislamicgirlsschool.org.uk

Other resources you can access to support your child's learning include:

Key stage 3 (Y7, 8)

BBC Bitesize (various subjects), <https://www.bbc.co.uk/bitesize>

- Press red on your TV for new learning videos and physical activities

How can you help your child stay physically active at home?

Students should also have good knowledge of how to keep themselves and their family fit and healthy, but here is a reminder...

- • The NHS has lots of guidance of how to keep fit and active for free from home check out the website at <https://www.nhs.uk/live-well/exercise/free-fitness-ideas/>
- • Joe Wicks – The body coach – There are several HIIT (high intensity interval training) sessions and yoga that you can access for free on YouTube – you can work at your level with limited equipment. **He will be doing 30min sessions every day at 9.00am**
- • Madfit – several workouts for free with limited equipment (YouTube)
- • Healthline - <https://www.healthline.com/health/fitness-exercise/at-home-workouts>
- • Walk – go for a long walk with family members, it's good for your body, mind and soul!
- • Cycle – Nothing better than along ride into the countryside when the weathers nice!
- • Yoga – there are a number of beginner workouts on YouTube to channel your inner peace – Namaste!
- • Pilates – strengthen your core and tone your muscles – for when we can go on holiday again! (YouTube)
- • Insanity – for the already fit!! These sessions are intense but again with limited equipment (YouTube)
- • Change4life – 10 minute shake up activities are great to do if you have younger siblings in the house and need to exercise together
- • Help to tidy the house or do some gardening – You could even compete against your family members

There are plenty more options available. Please always follow the current government recommendations!
